

Dear Parents and students,

PLEASE READ THIS REGARDING THE FALL SEMESTER ABROAD

My daughter Emily has been abroad for a flawless 5 weeks due to the diligence of Karen and Cindy. My daughter and her friends had an actual person when there was one issue. The one issue that they faced was that the girls were supposed to stay with a friend in France. But this person cancelled on them last minute and Cindy/Karen jumped in and got them a super amazing last minute deal at a hotel. I have not had a moment of worry based on the guidance of Karen and Cindy.

These women have the girls' utmost safety as their priorities. Hey, we have all seen the movie 'Taken'. They will make sure that your girls are staying in affordable but safe locations. Plus they arranged transportation to hotels from airport as needed.

In Amsterdam, Cindy got them a room at a great hostel that was supposedly booked but what the girls would never have thought of since it was not there (and to save money they were squeezing three girls to one room...shh! It was big enough). Cindy thought to request fans and extra towels and other extras. Meal cards, bike rentals....

They have a fantastic medical insurance to keep them healthy so you don't need extra addendums to your own insurance even if they offer health insurance outside the country. Karen/Cindy will also have you sign a Power of attorney so that, god forbid anything happens, you can have the ability to advocate on their behalf. Remember that they are adults if you don't have POA you cannot get information from them.

They have a great ABROADEEZ app so as parents that you will always know where YOUR GIRLS are and ALL the flight/train/hotel... information.

Karen and Cindy also planned great events in different countries that my daughter said that they (the girls) would have never planned themselves but was so incredible. And an experience that they were very grateful for.

I cannot begin to express to you how invaluable the services of ABROADEEZ has been for me as a parent as well as for the girls. The girls always knew that they has support when they needed it.

Yes, these girls can absolutely plan their trip on their own but they will not have the support and diligence as the girls that will book through ABROADEEZ.

The ones that do not book through this company will not be guaranteed the same hotel or hotel deals or flight/trains deal. The service gets better rates and options when booked as a group. So there is a savings right there. Plus the girls are safer traveling together.

ABROADEEZ is diligent about safety and the girls had to agree to a buddy system to insure safety. Once again, this is where the app is helpful and all the information needed is available to girls and parents.

My daughter just traveled to 7 countries without issue. I did not have a single worry. Ever. Karen and Cindy are moms, they get the role of a mother letting their children go off to travel in foreign countries. This was the best money I ever spent to hire them!!

One more thing. We gave a ABROADEEZ budget and they made all their dreams come true!!

Call me with any questions if you like.
